Brief Project Summary (attach supporting documentation, e.g. proposal, contract, etc)

What are the estimated annual demand and energy savings from this project?

Demand	KW	Energy	kWh
--------	----	--------	-----

How long are the estimated kW and kWh savings projected to last?

KW	Years	kWh	Years
----	-------	-----	-------

If No, what are the savings based on? (attach copy of documentation supporting kW and kWh savings)

--	--	--	--

Total labor hours for project completion?

Hours

Total actual cost of the completed/proposed project?

\$

Requested Rebate. Limited to 25% of paid labor and materials costs for approved retrofit projects or 100% of the incremental costs to bring a remodeling and/or new construction project above the minimum Title 24 energy standard. In no case will the rebate exceed the value saved energy over the life of the installed measures assuming \$0.06 per kilowatt-hour saved. Additional guidelines apply such as total annual rebate limitations, cost effectiveness tests, and funding availability. All requests are subject to GWP review and approval.

\$

Net project cost after rebate

\$

Under penalty of perjury, I, the undersigned, hereby make application for a GWP BES rebate. I have provided truthful and accurate information to document project costs and estimated annual demand and energy savings. I understand that providing misinformation can lead to disqualification for the BES rebate and other GWP Public Benefit programs.
